

Chronic Gastritis, Sinusitis, Chronic
Chronic Cervicitis, Fungal Infection
Lata Venkat (Dark Brown)

I have been suffering from sinus and chronic gastritis for the last 7 or 8 years. Every change of season or an outing for dinner would upset my stomach which would cripple my activities for more than 4-5 days. Tried English medicine which helped in relief for the moment but would resurface within a few days. Totally frustrated I started getting panicky at the thought of eating outside.

Luck by chance my husband started homeopathic treatment for his problems. It was thru a common friend that he approached Dr. Sunil Mehra for his treatment. Seeing the remedy doing wonders with my husband, I was driven to start my treatment with Dr. Mehra six months back. Today I can confidently say that I am 70% better than what I was suffering from. The time ~~duration~~ gap or frequency and also the intensity of my headache or stomach upset has now drastically changed for the better. With a lot of health tips and the power of healthy eating^{it} has changed our thinking and buying pattern eg:- we are spending more on fruits and vegetables now than on medication. Our visits to allopathic doctors ~~even now~~ for different ailments has dropped drastically.

Homeopathy under Dr. Sunil Mehra is working
Next Page

wonderfully for myself, my husband and also my eleven year daughter.

My regained health has given me full confidence in the system and line of treatment and can proudly say that the health of my family ~~my~~ rest on very safe and able hands.

"DR. SUNIL MEHRA"

Thank A To M DR. Sunil.
